Dear Brother Jensen:

Your letter of July 31, 1998, has been received, and we note your response to our recent correspondence to you in connection with the Biblical view of blood fractions.

This is a matter that you have obviously given much thought to and we appreciate your concern in this regard. However, it seems that it would be appropriate at this time to let the matter rest. Of course, you are free to make your own personal decision in such matters, while at the same time allowing others to exercise their own freedom in making a personal choice.

It is a pleasure to be associated with you and our brothers worldwide in the grand work Jehovah is having done in the earth today. Please accept an expression of our Christian love and best wishes.

Your brothers,

Watchtower B. T. Society
